Who to book appointments with

In some cases, for example for A Level learners, there may be more than one teacher name available to book per subject. Before booking please ask your young person who their main teacher for that subject is.

In order to ensure appointments are available for the maximum number of parents/guardians possible, no more than three appointments can be booked.

Where a learner has two registered parents/guardians receiving this invite, please help us to ensure that more of our learners can have a parent/guardian at the event by not duplicating appointments with the same teacher or subject area. Please note you can invite one other person to join the meetings with you.
